### Hazard Recognition and Standard Safety Rules For Vendors and Visitors

Rinker Materials – A Quikrete Company, in order to comply with the OSHA Hazard Communication Standard and assure the safety of all, has compiled this listing of hazards, rules, regulations and applicable procedures to inform visitors while on our property.

If you do not understand, or have questions, you are responsible for asking a Rinker Materials representative for assistance. Violation of any of these Safety Rules may result in immediate and permanent dismissal from all Rinker Materials properties.

- Visitors will abide by all Rinker Materials safety rules, OSHA regulations, and safety training requirements as mandated by Rinker Materials policy. **Hard Hat, safety glasses and steel toed shoes to be worn in this facility (if you don't have steel toed shoes you must be accompanied by an employee).**
- No weapons or firearms are permitted on Rinker Materials property.
- Required Personal Protective Equipment is to be worn in all designated areas.
- Any equipment used on a Rinker Materials site shall meet the minimum standards of OSHA with regard to noise and air emissions.
- When entering Rinker Materials property, travel should be limited to the specific area where your services are required. **Speed limit is 10 miles per hour on Rinker Materials property**, unless otherwise posted. Travel to other areas without authorization is not allowed.
- No visitor may bring any chemicals onto Rinker Materials property without first presenting a current SDS for each chemical to the Safety Officer of the plant and receiving authorization.
- Vehicles are not to be parked in the working area of any heavy equipment or mobile equipment. Rinker Materials equipment has the right of way at all times.

I, \_\_\_\_\_ of \_\_\_\_\_  
(print name) (Company)

I have received and read a copy of the Hazard Recognition and Safety Rules for Rinker Materials. As a condition of my being allowed on Rinker Materials property as a visitor, I agree to comply with all items shown in this document, as well as other Rinker Materials and OSHA health and safety standards.
