

Northern Concrete Pipe, Inc.

2022, ACPA Chairman Safety Submission

We need to think of everyone's safety, including the contractors that install our product!

- Interchangeable attachments.
- Works by leveraging off the product itself.
- Portable and battery operated.
- Can be easily moved between plants to test all your product types, and only takes one person to run.

- Verify Safety & Quality of:
- ✓ Installation Practices
 - ✓ Bond Between Concrete and Insert
 - ✓ Encapsulation of Insert by Concrete
 - ✓ Concrete Consolidation
 - ✓ Lifting Device Performance at Different Angles
 - ✓ Finished product and lifting device as a system
